

Case No. 23-20152

Honorable Mark A Goldsmith

MAR 12 2024

CLERK'S OFFICE  
DETROIT

JP.

Since I provided clear explanations and citations which show that US law has no bearing on the existence of the nation I founded, which place that claim beyond dispute; the claim that you delayed my appeal because you knew in your heart the quick doctor they sent me to would find me competent so you felt my appeal was moot is contrary to reality we to what the doctor claimed; that the US State Department negotiating a diplomatic method to cross the border I claimed was an implicit act of recognition binding on the court, I must ask: "What is it, exactly that you have been doing since December 11<sup>th</sup>? It's March now." Are you finally removing yourself as you should have after I filed an appeal citing your behavior interfering with my defense, which it is very clear now that you did, and I have been correct the entire time? Or are you ensuring that my arguments are properly before the court? Seems you have gotten yourself in a bit of a pickle.

I have two things going on in the background that are going to come to fruition soon. I know that you do or will regret your actions so far and that Dana will want to know her part was due to misunderstanding. But I'm done with the games now. It is time for you to admit I have the superior argument and the law is on my side. Since you are, at this moment, still assigned to my case, I need the following things accomplished since you are the agent and I am the principle here.

1. Transcripts of the December 11<sup>th</sup> hearing
2. All things filed since November 1<sup>st</sup> until today
3. All things filed in Appeal 23-1661
4. An update on that Appeal
5. An update on the notice to appeal I just filed
6. Anything filed in that Appeal

Since it can be conclusively established that a fact of law the court must accept is not "akin to the sovereign citizens movement" which was an attempt to associate me with a designated terrorist group, I expect you to drop that failed claim that has no basis in reality. Thank you.
